Dear Mrs. Cantwell:

Following up on our telephone conversation of May 20, 1986, regarding approval of Foundry waste disposal in a Sanitary landfill. I am forwarding information supporting the test procedure and results by RMT on our Foundry refuse. Included is a letter dated August 9, 1983 in RMT described the samples and the tests, a letter dated September 13, 1983, in which Mr. Westman tabulated refuse generated in a typical 30 day period showing percentage from each source and a tabulation of test results by RMT.

I trust this is sufficient information and that approval will issue promptly.

Yours very truly,  
NORTH MANCHESTER FOUNDRY, INC.
